

August 2008 Updates...

New Logo of Bali Garden Hotel

Bali Garden Beach Resort (formally Bali Garden Hotel) has released its fresh new logo as of April 2008.

The beach front resort is set amongst more than 2 hectares of recently upgraded lush tropical gardens with frangipani, hibiscus, and gently swaying palms.

The new logo hopefully represents those lush tropical beachfront gardens that are a main feature of the resort.

The resort has maintained the original Balinese design integrity in the architecture of the buildings. This combined with traditional hospitality ensures our guests receive a truly Balinese experience on their holidays.
