Update...

BEACH CONSERVATION PROJECT

The Ministry of Public Works of Indonesia, Directorate General of Water Resources carried out Beach Conservation project for South Kuta Beach.

They commenced work on 1st of April 2006 and the Bali Garden section was completed by the end of April last year. The protection work of South Kuta Beach includes : construction of an attractive stone sea

wall, offshore breakwater, coral transplantation and landscaping.

The construction of a new beach pathway will be carried out early February 2008 from the Airport to Kuta Lifesaving Club in Kuta Beach.

We look forward this new beach pathway to enhance the fantastic location of Bali Garden Hotel.

UN CLIMATE CHANGE 3-4 DEC '07

The Conference, hosted by the Government of Indonesia, took place at the Bali International Convention Centre and brought together more than 10,000 participants, including representatives of over 180 countries together with observers from intergovernmental and nongovernmental organizations and media.

in the adoption of the Bali roadmap, which charts the course for a new negotiating process to be concluded by 2009 that will ultimately lead to a post -2012 international agreement on climate change. We were all very proud to host the conference in Bali with so many world leaders and leading environmentalists coming to visit Bali.
