

March 2008 Updates...

SWIM UP BAR AT CENTER POOL

We have just finished re tiling the center pool with a natural stone called mother green. As part of the renovation the swim up bar has been totally rebuilt and re located to the beach side of the pool. The new swim up bar was moved to provide guests with a choice to sit in the shade or under the sun. The low flat roof was designed to provide

protection while not obstructing the view of the ocean. The layout has been improved to make the work space more efficient and speed up service for our guests. The area in front of the swim up bar is complete with tables, stools and umbrellas to create a very stylish and enlarged area for guests to enjoy the new facilities.

EXTRA GARUDA FLIGHTS TO BALI

Due to popular demand Garuda Airlines has added an extra 3 flights per week to the Perth - Denpasar - Perth schedule.

Rob Morrow, from Garuda Airlines Perth office announced the flights have been loaded into the system and are available from 16th April 2008.

The extra flights will be using the new Boeing 737/800 New Generation aircraft which will ensure travellers can enjoy the most up to date aircraft and the usual fabulous service and leg that Garuda provides.

With existing flights already fully booked thru July/August it is expected that these flights will enable those still waiting for seats to be accommodated.
